GAIL W. MAURER, Secretary Connersville
FRED BELLES, Treasurer Judson

FOREWORD

Through the years volumes have been written by breeders and others as to the importance of the right herd sire. The sire in service has made many herds famous and taken the owner to fame and fortune. Such sires possess all the great stock bull essentials, and above all had the inherited ability to pass on to their offspring the same stock bull essentials.

Today, it is more important than ever before to have the right Shorthorn bull in service. He must have scale, balance and substance along with bull prestige. By bull prestige we mean—breeding that has done well for others and to have breeder names in the pedigree that are producers of the best and high selling cattle of the time.

The beef cattle business — is the commercial cattle business. Daily the volume of cattle going for slaughter is a tremendous amount of tonnage. Not enough of this mentioned tonnage is sired by the right kind of beef sires. One look through any stockyards, any one day, is ample proof of this fact. The only way this can be changed is by the use of more and more of the right kind of Shorthorn bulls in service throughout the State of Indiana and all other states.

The Shorthorn bulls offered in this sale are the right kind. They have the bred-in ability to produce beef and more beef for their new owners. They have the right breeder names in their pedigrees and above all they are being consigned by the right breeders in Indiana and the right invited breeders from Ohio.

We invite all those who are interested in Shorthorn cattle to attend this sale. We are sure you can find the bull you are looking for at the price you are willing to pay.

INDIANA SHORTHORN BREEDERS' ASSOCIATION

**Ned W. Place,
Sale Manager**

Information for Buyer

TIME—Saturday, February 12, 1955—Show 10:00 a. m.—Sale 12:30 P. M.

LOCATION—Draft Horse Barn—Indiana State Fairgrounds, Indianapolis, Indiana.

GUARANTEE—The guarantee recognized by the American Shorthorn Breeders' Association will cover the cattle sold. The guarantee is printed in full, in back of this catalog.

HEALTH—All animals are sold with health certificates to comply with the laws regulating Tuberculosis and Bang's Disease.

TERMS—The terms of the sale are cash unless arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyers risk as soon as bid off. The management will attend to loading on cars or trucks in compliance with instructions from purchasers.

REGISTRATION—A certificate of registry and a signed transfer will be furnished for each lot sold.

FOOTNOTES—Where footnotes appear in this catalog, they were furnished by the consignors or were written from information supplied by the consignors.

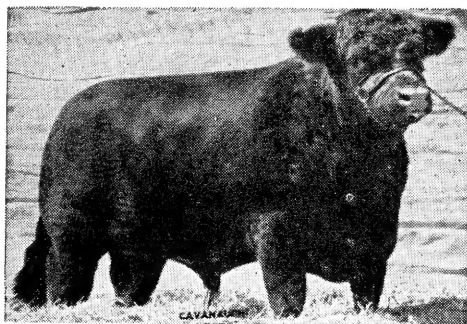

NO LIABILITY—The Indiana Shorthorn Breeders' Association, its officers, and its employees will not be responsible for any accidents that may occur, but every effort will be made to provide for the safety and comfort of guests.

MAIL BIDS—May be sent to the Sale Manager or to any of the Auctioneers, or H. W. Walker, 904 E. Maple Road, Indianapolis, Indiana.

SALE MANAGER—Ned W. Place—Box 37—Wapakoneta, O.—Telephone 27925.

AUCTIONEER—C. D. Swaffar, Tulsa, Oklahoma.

LUNCH—Lunch will be served on grounds.

KIRKTON GAMBLER. The senior herd sire in the M. H. Woody herd, Greentown, Indiana. A bull that has sired numerous high sellers in previous Indiana State and National sales.

Lot 1—Bull

KING'S PRINCE 2754-312

Collynie Royal Barrage 1873801
Roan, Duthie Webster

Aldie Princess Gloria 1998769
Red, Finlay MacGillivray

ELCONA FAVORITE ELVIN. Elcona Elvin sired the most uniform group of high quality calves ever produced on Elcona Farms. Fifty-nine Shorthorns, sired by five of his immediate ancestors, sold for an average of nearly \$1800 in the Cruggleton Dispersion. One son sold at the last International Congress Sale for \$1675 and two daughters brought \$900 and \$885. Another daughter topped the females at \$800 in the October, 1954, Indiana Shorthorn Breeders' Association Sale. The offspring of Edellyn Royal Leader 22d, maternal grandsire of this bull, made a record in the show and sale rings that is recognized by breeders all over the country. Collynie Royal Barrage, his dam's grandsire, was one of the all-time great Canadian bulls.

Lot 4—Bull

ROYAL FORTUNE—A dark red bull that has not been fitted for this sale. However; we think his depth, compactness, ruggedness, and his masculinity denote him as a real herd bull prospect. Garson's Roan Lady, his dam is a fine producer. All of her daughters have been retained in the herd. Her first bull calf was Res. Grand Champion at Rushville in 1953, and her second bull calf was Grand Champion at Rushville in 1954. Ringwell Good Fortune, his sire is a half brother to Ringwell Prince Charles. He is the most consistent and best breeding bull that we have ever owned.

M L BOUNCE 7th—A deep, thick, good headed bull by the same sire that sired the senior and junior champion bulls in the 1953 Indiana All Bull Sale.

Rate of gain assumes far greater importance in the livestock industry today because in these times efficiency and economical gains are the significant guideposts to success and profit for owners of beef cattle.

Shorthorns have proved their right to leadership in the field of rate of gain thru a series of tests conducted in several different localities. Without exception the reported results of performance testing gives Shorthorns, both bulls and females, a distinct advantage over other breeds in total gains and average daily gains. Individual tests conducted by owners within their own herds result in the same sort of evidence and give impetus to the Experimental Station findings.

No wonder then, there is the strong swing to Shorthorn bulls on the range to give the added qualities of beef-making to calves. It's easier to breed the beef making character into a herd than feed it there. Bulls capable of accomplishing this job have been selected for this sale and the opportunity for continued improvement by the use of the right bull.

FORMULA C S —A good bull ready for service with excellent Canadian breeding on the sire's side.

Greater Profits

Commercial cattlemen and feeders are acutely aware of the higher returns made from their operations if they are using improved beef cattle. They know it takes cattle with the ability to make economical and efficient gains to return the greatest net profit.

It behooves the breeder of purebred cattle then to take stock of his "tools of the trade" because he plays a role of vast importance to the improvement of beef cattle. His task is to produce the type that are easy-flushing, smooth and thick, with early-maturity demanded by commercial cattlemen.

What better time is there to consider your herd bulls? Do they produce for you the type in rigid demand today? Do they possess the qualities which are characteristic of an efficient beef plant? Your road to the correction of the faults which you recognize in your breeding program leads to this SALE. There you will find bulls exhibiting the requisite features necessary to the advancement of your herd into a more profitable operation.

		Rigfoot Pauline 33d -296586-
		Red, C. S. Carruthers

MILLGATE TYCOON—Is by the good bull Duncrahill Recommendation; he is short legged, heavy boned bull. We have used this bull and he is a sure breeder. Sells in just good breeding condition.

The fruit of the labors of the master breeders who developed Shorthorns to their modern appeal and utility bestows simplicity to anyone who would further expand this great breed. The task of development was fraught with problems, yet the unyielding faith and profound devotion to principles, constant attention to selection and matings, and application of practical production methods, as were felt and practiced by those breeders, are modern-day reminders that we face the future full of confidence—but without complacency.

Yes, there's a Shorthorn in your future . . . a bull with massiveness, character, bred-in-ability as a sire and possessor of beef-making capacity, weight-for-age, easy and rapid fleshing, and a frame to carry it. You'll find bulls with all the above desirable characteristics selling in this Sale.

Lot 24—Bull

Dk. roan, Hugh Rutherford

STANDARD GUARANTEE

—of—

American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion test within 30 days prior to the sale, or will have Certificates of Bangs Calf-hood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
